**WARDROBE**

Colour 49/uu

20001/225 Wardrobe

# design to your **PREFERENCES**

Save modular range is the smart wardrobe solution. Available in three heights; 200, 220 or 240 cm, with options of sliding or hinged doors and flexible in terms of size and space, as the width can be extended as required. Save internal panels and accessories can also be used for walk-in-closets.

The Save wardrobe is assembled with Tvilum's unique bracket system, SmartMount, which enables you to assemble the wardrobe next to the wall. Furthermore, SmartMount allows you to assemble the wardrobe front facing, and attach it directly to the wall after assembling it. This way, you get a more stable wardrobe, which is safer to use. In addition to this, you avoid heavy lifts and moving of the wardrobe.

You can find an instruction video for SmartMount on our website [www.tvilum.com](http://www.tvilum.com) under Support.

# build around **CORNERS**

The modular system makes it possible for you to:

- Add as many modules as you like
- To utilize all available space
- Use the system to build around corners

# SMARTMOUNT MAKES assembly quick and easy

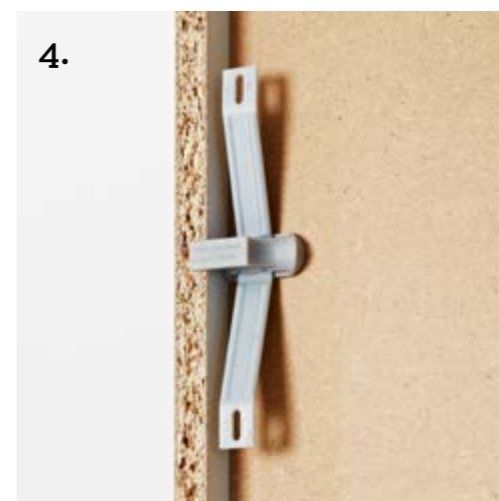

**1.** SmartMount is mounted from the front on the side of the wardrobe and secured to the wall before inserting the rear wardrobe panel.

**2.** The rear panel is easily inserted into the groove at the top and bottom of the wardrobe. The dowel helps to make the operation even easier.

**3.** The last part of the bracket is attached to the side of the wardrobe and a screw is then inserted through the bracket and rear panel.

**4.** The bracket ensures that the wardrobe cannot tip over, providing stability in every direction. (Here the bracket is seen from the rear after mounting).

*SmartMount seen from the rear after mounting. As illustrated in the diagram, there is no need to mount fittings and screws from the rear. Everything is mounted from the front.*

#### **About the unique SmartMount bracket**

With Tvilum's recently developed SmartMount assembly bracket, you can now assemble your wardrobe in your chosen location instead of having to move a heavy wardrobe once it has been assembled. All fittings and screws are mounted from the front.

SmartMount improves safety, as the bracket enables you to secure the wardrobe to the wall, preventing it from tipping over and injuring children and others.

SmartMount also stabilises the wardrobe in every direction, thus extending the product's service life. Tvilum's SmartMount bracket also makes it faster and easier to assemble a large wardrobe. All in all, SmartMount solves several traditional challenges associated with flat packed furniture at one and the same time.

# design according to **YOUR PREFERENCES**

Installing LED lights is both a functional and stylish detail.

Optional divider for the drawers.

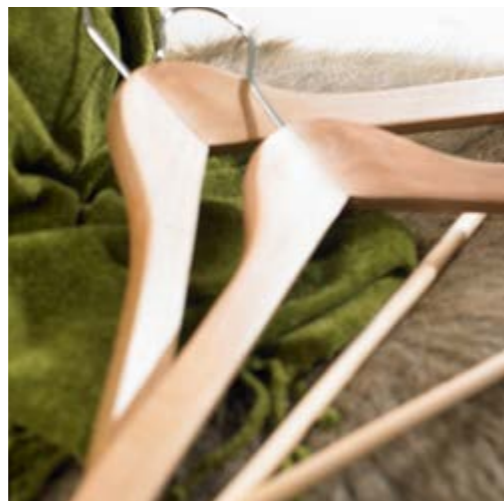

Drawers with metal runners.

Opportunity for a personal touch with handles in four unique designs for hinged doors.

Sturdy shelves for storage.

Solid bars in metal.

Storage boxes in fabric.  
Available in a wide range  
of popular colours.

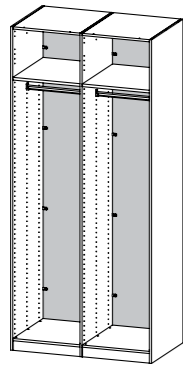

Fit a damper and add a soft-close  
function to the sliding doors.

Exclusive metal handles  
for sliding doors - in line  
with the stylish design.

Metal baskets for  
visible storage.

## TECHNICAL DATA

### Surface

Foil:

- Does not fade
- No harmful emissions
- better indoor climate

Painted:

- Less susceptible to staining
- Less susceptible to scorching
- Water-repellent
- Easy to clean
- No harmful emissions
- better indoor climate

### Material

A: Foil

U: Painted

W: Fittings

X: Mirror

Y: Metal

### Elements

- Cabinets
- Add on
- Doors and accessories
- Metal bars
- Shelves
- Drawers
- Dividers
- Metal baskets
- Box
- Dampers
- Lights
- Handles

### Technical specifications

- 15 mm cabinet and doors
- 18 mm shelves
- 0.4 mm edge band
- HDF back panel to be mounted in groves in top and bottom
- Inside colour: silver grey
- exclusive look
- You can combine the colours as you want - hinged doors are packed either in 1 or 2 packages
- Max 30 kg. per box

### Unique Selling Points

- Wardrobes are assembled upright
- Mounting from inside the wardrobe which means the wardrobe can be build up where you need it - no need to move it after assembly
- Cabinets starts from 1 meter and you can build it endless - add on system (hinged doors)
- Complete range - cover all sizes depending on the needs
- Handles for hinged doors - choose from different handles and give your personal look
- Complete set of accessories - all in silver grey that matches the inside interior colour
